Invitation to a "University and Business Ethics" Mini Seminar relating to Karl Schlecht

"How to get in there...."

Looking at this wide open Heaven`s Temple door today--- with now 80 years after birth in 7000 km distant Germany's FILDERSTADTquestion:

**Am IStill far away?
....on its doorstep?
.....or already in ...?**

Competent scientists will try to discover and analyse this and more in a conference-dinner on 28th October 2012. Their conclusions I see as the utmost, exclusive, only and most value-enriching gift for my 80th birthday occasion, executed as true "birthday workshop". They might all search and lecture why and how I might have "made it" to be here (nearby) now. Then as earlier chemistry student I will try to describe the catalysts which I discovered. Also how I try to keep these "**chemotional**" substances in effect. Hopefully then I will be reborn with finding more, helping to enter this door late, healthy and - utmost - in love.

See reverse side schedule and guest list.

Kindly let us know until 10th October 2012 if my wife and I can welcome you.

Thank you

Karl and Brigitte Schlecht
